

The screenshot shows a learning platform interface. At the top, there are navigation icons for back, forward, and search, along with a user profile icon. Below the header, a breadcrumb trail reads "Learn > Nmap Live Host Discovery". A decorative icon of a blue folder with a gear and eye is displayed. The main title "Nmap Live Host Discovery" is prominently shown in large, bold, white font. Below the title, a subtitle reads "Learn how to use Nmap to discover live hosts using ARP scan, ICMP scan, and TCP/UDP ping scan." A progress bar indicates "Room completed (100%)". On the left, a sidebar lists nine tasks, each with a green checkmark and a small icon: Task 1 (Introduction), Task 2 (Subnetworks), Task 3 (Enumerating Targets), Task 4 (Discovering Live Hosts), Task 5 (Nmap Host Discovery Using ARP), Task 6 (Nmap Host Discovery Using ICMP), Task 7 (Nmap Host Discovery Using TCP and UDP), Task 8 (Using Reverse-DNS Lookup), and Task 9 (Summary). Each task has a downward arrow icon at its end.
